

Pebbles on the Beach Wall Hanging

Finished Size: 35" by 47"

Fabric Requirements

½ m each of Hoffman Graded
Pebbles # D900 in teal and
green

½ m Benartex Baby Geniuses
2301-88 for the sashing and
borders

Take each of the graded stone fabrics and cut them into 2 pieces measuring 25cm by the width of the fabric. Set one piece of one colour to one side for the binding. You can choose either to have the fabrics facing the same way or turn the middle panel upside down as shown here.

Take the turquoise sashing fabric and cut five 1 ½" strips across the 50cm width of the fabric so that you are cutting strips across the stripe of the pattern. Join these strips together and then join them along the long panel edges as sashing.

From the remainder of the turquoise fabric cut nine strips 2 ½" strips in the same way for the border. Join them together and add to the quilt.

Give your quilt a press and quilt as desired.

Turn to the piece of stone fabric that you set aside earlier and cut five 1 ½" strips to make the binding for the quilt.
